**Enrico Gracias and his orchestra Fissa Papa** present « **La Fafara** », a street cumbia-rock-caliente quartet that brings smiles, shakes legs, and sets crowds on fire. They transform every street corner into a wild dance-floor !

Join the fan club of this exceptional singer, too often overlooked outside the tax havens where he is a true legend (he is even called «El cantante del paraíso»).

## **Their repertoire :**

Retro cumbias, timeless jazzy hits, intoxicating calypsos, hot rock, and crazy, festive covers of French chanson classics, all in preparation in their secret studio in Panama !

## **The stars of the band :**

**Laurent Gruau** (Enrico Gracias) trombone, harmonica, guiro, vocals, and charming smile.

**Evrard Moreau** (Evrardo de la Vega, or «Evrard of the fertile plains») ultimate, taciturn guitarist and master of enchanting sounds.

## **The (only two) members of the Fan Club :**

**Jérémy Lebrun** (Jean-Pat' l'épate) Member #1, Fan Club director, official translator for Enrico, and jumping sousaphonist.

**Thomas Sirou** (El Pomodoro, aka «Maracas lover») Member #2, assistant director, roller-drummer but loyal to his maracas !
